

Landrollers

Tandem lead Roller

The Fleming Tandem Lead Roller has been designed for farmers or large land owners with large fields in close proximity.

- All drums are air tested
- Hardwood bearings
- 90 – 120 horse power required
- Can be water filled for extra weight
- Heavy duty 100mm structural box frame with over channel support and pick up eye.
- Tandem lead roller can be used with existing on farm roller
- Lead roller can be set for use with either 2.5m or 3m following roller
- Lead roller drawing arm can be folded for drawing rollers in-line for easy field access, easily changed from transport to working position. (no heavy lifting)
- 75mm steel shaft
- Scraper blade optional

Tandem Lead Landrollers models include:

model	Rolling width	Drum Diameter	Wall Thickness
103010T	3m	0.74m	10mm
